# **STAPA 88 n.l. Aluminium Paste**

Version	Revision Date:	SDS Number:	Print Date: 08.08.2020
2.0	09.12.2019	102000030619	Date of first issue: 19.03.2019

#### SECTION 1: Identification of the substance/mixture and of the company/undertaking

#### 1.1 Product identifier

Trade name : STAPA 88 n.l. Aluminium Paste

Product code : 054501G60

# 1.2 Relevant identified uses of the substance or mixture and uses advised against

This information is not available.

### 1.3 Details of the supplier of the safety data sheet

Company

E-mail address of person	:	msds.eckart@altana.com
responsible for the SDS		

:

#### 1.4 Emergency telephone number

#### **SECTION 2: Hazards identification**

2.1 Classification of the substa	ance	or mixture						
Classification (REGULATION (EC) No 1272/2008)								
Long-term (chronic) aquatic Category 3	haz	ard,	H412: I effects.	Harmful to aquatic life with long lasting				
2.2 Label elements								
Labelling (REGULATION (	EC)	No 1272/20	08)					
Hazard statements	:	H412		Harmful to aquatic life with long lasting effects.				
Precautionary statements	:	<b>Preventio</b> P273 <b>Disposal:</b> P501		Avoid release to the environment. Dispose of contents/ container to an approved waste disposal plant.				
Additional Labelling								

#### 2.3 Other hazards

Combustible Solids

# STAPA 88 n.l. Aluminium Paste

Version	Revision Date:	SDS Number:	Print Date: 08.08.2020
2.0	09.12.2019	102000030619	Date of first issue: 19.03.2019

This substance/mixture contains no components considered to be either persistent, bioaccumulative and toxic (PBT), or very persistent and very bioaccumulative (vPvB) at levels of 0.1% or higher.

#### **SECTION 3: Composition/information on ingredients**

#### 3.2 Mixtures

#### Hazardous components

Chemical name	CAS-No. EC-No. Index-No. Registration number	Classification REGULATION (EC) No 1272/2008	Concentration (% w/w)
aluminium powder (stabilised)	7429-90-5 231-072-3 01-2119529243-45	Flam. Sol. 1; H228	>= 50 - <= 100
Naphtha (petroleum), hydrotreated heavy; Low boiling point ydrogen treated naphtha	64742-48-9 918-481-9 01-2119457273-39	Asp. Tox. 1; H304	>= 10 - < 20
Solvent naphtha (petroleum), light arom.	64742-95-6 918-668-5 01-2119486773-24	Flam. Liq. 3; H226 STOT SE 3; H336 STOT SE 3; H335 Asp. Tox. 1; H304 Aquatic Chronic 2; H411	>= 10 - < 20

For explanation of abbreviations see section 16.

#### **SECTION 4: First aid measures**

#### 4.1 Description of first aid measures

General advice	:	Move the victim to fresh air. Do not leave the victim unattended.	
		No hazards which require special first aid measures.	
If inhaled	:	If unconscious, place in recovery position and seek medical advice. If symptoms persist, call a physician.	
In case of skin contact	:	Wash off immediately with soap and plenty of water.	
In case of eye contact	:	Immediately flush eye(s) with plenty of water.	
		Remove contact lenses. If eye irritation persists, consult a specialist.	
If swallowed	:	Keep respiratory tract clear. Do not give milk or alcoholic beverages.	

# STAPA 88 n.l. Aluminium Paste

Version	Revision Date:	SDS Number:	Print Date: 08.08.2020
2.0	09.12.2019	102000030619	Date of first issue: 19.03.2019

Never give anything by mouth to an unconscious person. If symptoms persist, call a physician.

### 4.2 Most important symptoms and effects, both acute and delayed

None known.

**4.3 Indication of any immediate medical attention and special treatment needed** This information is not available.

This information is not available.

#### **SECTION 5: Firefighting measures**

#### 5.1 Extinguishing media

Suitable extinguishing media	:	Dry sand Special powder against metal fire
Unsuitable extinguishing media	:	Water Foam ABC powder Carbon dioxide (CO2)

#### 5.2 Special hazards arising from the substance or mixture

Specific hazards during firefighting	: Do not allow run-off from fire fighting to enter drains or water courses.
5.3 Advice for firefighters	

#### Special protective equipment : Use personal protective equipment

for firefighters	:	Ose personal protective equipment.
		Wear self-contained breathing apparatus for firefighting if necessary.
Further information	:	Collect contaminated fire extinguishing water separately. This must not be discharged into drains. Fire residues and contaminated fire extinguishing water must be disposed of in accordance with local regulations.

#### **SECTION 6:** Accidental release measures

6.1 Personal precautions, protective equipment and emergency procedures				
Personal precautions	:	Evacuate personnel to safe areas.		
		Use personal protective equipment. Remove all sources of ignition.		
		Avoid dust formation.		

according to Regulation (EC) No. 1907/2006

# **STAPA 88 n.l. Aluminium Paste**

Version 2.0	Revision Date: 09.12.2019		DS Number: 02000030619	Print Date: 08.08.2020 Date of first issue: 19.03.2019
6.2 Enviro	onmental precautions			
Enviro	onmental precautions	:		from entering drains. ntaminates rivers and lakes or drains inform rities.
6.3 Metho	ds and material for co	ontai	inment and clean	ing up
Methods for cleaning up :		:	Use mechanical handling equipment. Soak up with inert absorbent material (e.g. sand, silica gel, acid binder, universal binder, sawdust).	
			Sweep up and sł Do not flush with Keep in suitable,	

#### 6.4 Reference to other sections

For personal protection see section 8.

### **SECTION 7: Handling and storage**

<b>7.1 Precautions for safe handling</b> Advice on safe handling :	Keep away from heat and sources of ignition. Avoid dust formation. Ensure adequate ventilation.
	For personal protection see section 8. Smoking, eating and drinking should be prohibited in the application area.
Advice on protection against : fire and explosion	Keep away from open flames, hot surfaces and sources of ignition. Earthing of containers and apparatuses is essential.
	Normal measures for preventive fire protection.
Hygiene measures :	General industrial hygiene practice.
7.2 Conditions for safe storage, inc Requirements for storage : areas and containers	<b>Store in original container.</b> Keep containers tightly closed in a cool, well-ventilated place. Keep container closed when not in use. Keep away from sources of ignition - No smoking.
	Electrical installations / working materials must comply with the technological safety standards.
Further information on : storage conditions	Protect from humidity and water. Do not allow to dry.
Advice on common storage :	Do not store together with oxidizing and self-igniting products. Never allow product to get in contact with water during storage. Keep away from oxidizing agents, strongly alkaline and

Consumers	Inhalation	Long-term systemic effects	900 mg/m3

#### Predicted No Effect Concentration (PNEC) according to Regulation (EC) No. 1907/2006:

Substance name	Environmental Compartment	Value
aluminium powder (stabilised)	Fresh water	0.0749 mg/l
	clarification plant	20 mg/l

#### 8.2 Exposure controls

### Personal protective equipment

Eye protection	:	Safety glasses
Hand protection Material	:	Solvent-resistant gloves
Remarks	:	Take note of the information given by the producer concerning permeability and break through times, and of special workplace conditions (mechanical strain, duration of contact). The exact break through time can be obtained from the protective glove producer and this has to be observed. Please observe the instructions regarding permeability and breakthrough time which are provided by the supplier of the gloves. Also take into consideration the specific local conditions under which the product is used, such as the danger of cuts, abrasion, and the contact time. Recommended preventive skin protection Skin should be washed after contact. The suitability for a specific workplace should be discussed with the producers of the protective gloves.
Skin and body protection	:	Long sleeved clothing Safety shoes Choose body protection according to the amount and concentration of the dangerous substance at the work place.
Respiratory protection	:	Use suitable breathing protection if workplace concentration requires.
Environmental exposure cor	ntro	bls
Water	:	The product should not be allowed to enter drains, water courses or the soil.

### **SECTION 11: Toxicological information**

#### 11.1 Information on toxicological effects

#### Acute toxicity

Not classified based on available information.

#### Components:

#### aluminium powder (stabilised):

Acute inhalation toxicity	:	LC50 (Rat): > 5 mg/l
		Exposure time: 4 h
		Test atmosphere: dust/mist

#### Naphtha (petroleum), hydrotreated heavy; Low boiling point ydrogen treated naphtha:

Acute oral toxicity	:	LD50 (Rat): > 5,000 mg/kg	
Acute inhalation toxicity	:	LC50 (Rat): Test atmosphere: vapour Remarks: An LC50/inhalation/4h/rat could not be determined because no mortality of rats was observed at the maximum achievable concentration.	
Acute dermal toxicity	:	LD50 (Rabbit): > 5,000 mg/kg	
Solvent nanhtha (netroleum), light arom :			

#### Solvent naphtha (petroleum), light arom.:

Acute oral toxicity	: LD50 (Rat): 3,492 mg/kg

Acute dermal toxicity : LD50 (Rabbit): > 3,160 mg/kg

#### Skin corrosion/irritation

Not classified based on available information.

#### Serious eye damage/eye irritation

Not classified based on available information.

#### Respiratory or skin sensitisation

#### Skin sensitisation

Not classified based on available information.

#### Respiratory sensitisation

Not classified based on available information.

#### Germ cell mutagenicity

Not classified based on available information.

#### Carcinogenicity

Not classified based on available information.

#### Reproductive toxicity

Not classified based on available information.

#### STOT - single exposure

Not classified based on available information.

#### **Components:**

#### Solvent naphtha (petroleum), light arom .:

Assessment: May cause respiratory irritation., May cause drowsiness or dizziness.

#### STOT - repeated exposure

Not classified based on available information.

#### Aspiration toxicity

Not classified based on available information.

#### Components:

**Solvent naphtha (petroleum), light arom.:** May be fatal if swallowed and enters airways.

#### Further information

Product: Remarks: No data available

#### **Components:**

Naphtha (petroleum), hydrotreated heavy; Low boiling point ydrogen treated naphtha: Remarks: Solvents may degrease the skin.

#### **SECTION 12: Ecological information**

#### 12.1 Toxicity

Product:

#### Components:

Solvent naphtha (petroleum), light arom.:

#### **Ecotoxicology Assessment**

Long-term (chronic) aquatic : Toxic to aquatic life with long lasting effects. hazard

#### 12.2 Persistence and degradability

No data available

#### 12.3 Bioaccumulative potential

No data available

### 12.4 Mobility in soil

No data available

according to Regulation (EC) No. 1907/2006
