SECTION 1: Identification of the substance/mixture and of the company/undertaking

1.1 Product identifier		
Trade name	:	METALSTAR SuperEco 10 2877 Supergloss 877
Product code	:	053152RC0
1.2 Relevant identified uses of the	he s	substance or mixture and uses advised against
Use of the Substance/Mixture	:	Colorant; Printing ink related material; Printing ink, Colouring agents, dyes
1.3 Details of the supplier of the	saf	ety data sheet
Company	:	ECKART Suisse SA
		Route de la Brasserie 2
		1963 Vétroz

	1965 Vell02
Telephone	: +410273454800
Telefax	: +410273454859
E-mail address of person responsible for the SDS	: msds.eckart@altana.com

1.4 Emergency telephone number

NCEC: +44 1235 239670 (Europe) Call and response in your language is possible. Contract no.: ECKART29003-NCEC.

SECTION 2: Hazards identification

2.1 Classification of the substance or mixture

Classification (REGULATION (EC) No 1272/2008)

Eye irritation, Category 2 Long-term (chronic) aquatic hazard, H411: Toxic to aquatic life with long lasting effects. Category 2

- H319: Causes serious eye irritation.

2.2 Label elements

Labelling (REGULATION (EC) No 1272/2008)

METALSTAR SuperEco 10 2877 Supergloss 877

Version 6.0	Revision Date: 27.02.2023	-	DS Number: 02000000707	Print Date: 15.04.2024 Date of first issue: 02.01.2014
Hazard	l pictograms	:		te
Signal	word	:	Warning	×
Hazard	l statements	:	H319 H411	Causes serious eye irritation. Toxic to aquatic life with long lasting effects.
Precau	utionary statements	:	Prevention: P264 P273 P280 Response: P337 + P313 P391 Disposal: P501	Wash skin thoroughly after handling. Avoid release to the environment. Wear eye protection/ face protection. If eye irritation persists: Get medical advice/ attention. Collect spillage. Dispose of contents/ container to an
			1 301	approved waste disposal plant.

2.3 Other hazards

This substance/mixture contains no components considered to be either persistent, bioaccumulative and toxic (PBT), or very persistent and very bioaccumulative (vPvB) at levels of 0.1% or higher.

SECTION 3: Composition/information on ingredients

3.2 Mixtures

Components

Chemical name	CAS-No.	ClassificationREGUL	Concentration

For explanation of abbreviations see section 16.

SECTION 4: First aid measures

4.1 Description of first aid measures General advice : Move the victim to fresh air. Move out of dangerous area. Show this safety data sheet to the doctor in attendance. Do not leave the victim unattended. If inhaled Remove to fresh air. • If unconscious, place in recovery position and seek medical advice. If symptoms persist, call a physician. In case of skin contact : Wash off immediately with soap and plenty of water. If skin irritation persists, call a physician. If on clothes, remove clothes. In case of eye contact Immediately flush eye(s) with plenty of water. : Immediately flush eye(s) with plenty of water. Remove contact lenses. Keep eye wide open while rinsing. If eye irritation persists, consult a specialist. If swallowed : Keep respiratory tract clear. Do not give milk or alcoholic beverages. Never give anything by mouth to an unconscious person. If symptoms persist, call a physician.

4.2 Most important symptoms and effects, both acute and delayed

Risks	: Causes serious eye irritation.
-------	----------------------------------

Version	Revision Date:	SDS Number:	Print Date: 15.04.2024
6.0	27.02.2023	102000000707	Date of first issue: 02.01.2014

4.3 Indication of any immediate medical attention and special treatment needed This information is not available

This information is not available.

SECTION 5: Firefighting measures

5.1 Extinguishing media Suitable extinguishing media	:	Dry sand ABC powder Foam	
Unsuitable extinguishing media	:	High volume water jet Carbon dioxide (CO2)	
		High volume water jet	
5.2 Special hazards arising from the substance or mixture			
Specific hazards during firefighting	:	Do not allow run-off from fire fighting to enter drains or water courses.	
5.3 Advice for firefighters			
Special protective equipment for firefighters	:	Wear self-contained breathing apparatus for firefighting if necessary.	
Further information	:	Collect contaminated fire extinguishing water separately. This must not be discharged into drains. Fire residues and contaminated fire extinguishing water must be disposed of in accordance with local regulations. Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.	

SECTION 6: Accidental release measures

6.1 Personal precautions, protective	e equipment and emergency procedures			
Personal precautions :	Evacuate personnel to safe areas. Use personal protective equipment.			
6.2 Environmental precautions				
Environmental precautions :	The product should not be allowed to enter drains, water courses or the soil.			
	Prevent product from entering drains. Prevent further leakage or spillage if safe to do so.			

Version 6.0	Revision Date: 27.02.2023	SDS Number: 102000000707	Print Date: 15.04.2024 Date of first issue: 02.01.2014
		If the product cor respective author	ntaminates rivers and lakes or drains inform ities.
	s and material for co ds for cleaning up	: Use mechanical I Soak up with iner	• •
		acid binder, unive	t absorbent material (e.g. sand, silica gel, ersal binder, sawdust). closed containers for disposal.
6.4 Referen	ce to other sections		

For personal protection see section 8.

SECTION 7: Handling and storage

7.1 Precautions for safe handling

,	Advice on safe handling	:	Do not breathe vapours/dust. Avoid contact with skin and eyes. For personal protection see section 8. Smoking, eating and drinking should be prohibited in the application area. Dispose of rinse water in accordance with local and national regulations.
	Advice on protection against fire and explosion	:	Normal measures for preventive fire protection.
ł	Hygiene measures	:	When using do not eat or drink. When using do not smoke. Wash hands before breaks and at the end of workday.
7.2 C	onditions for safe storage, i	incl	uding any incompatibilities
	Requirements for storage areas and containers	:	Earthing of containers and apparatuses is essential. Reaction with water liberates extremely flammable gas (hydrogen) Take measures to prevent the build up of electrostatic charge. Use explosion-proof equipment. Store in original container. Keep containers tightly closed in a cool, well-ventilated place. Keep away from sources of ignition - No smoking. Keep container closed when not in use.
			Keep container tightly closed in a dry and well-ventilated place. Containers which are opened must be carefully resealed and kept upright to prevent leakage. Electrical installations / working materials must comply with the technological safety standards.
F	Further information on	:	Protect from humidity and water.

Version 6.0	Revision Date: 27.02.2023	SDS Number: 102000000707	Print Date: 15.04.2024 Date of first issue: 02.01.2014			
stora	age conditions					
Advi	ce on common storage	Never allow p storage. Keep away fro	ear acids. ogether with oxidizing and self-igniting products. roduct to get in contact with water during om oxidizing agents, strongly alkaline and materials in order to avoid exothermic reactions.			
	ner information on age stability	: No decompos	No decomposition if stored and applied as directed.			
7 3 Sneci	fic and use(s)					

7.3 Specific end use(s)

SECTION 8: Exposure controls/personal protection

8.1 Control parameters

Occupational Exposure Limits

SECTION 10: Stability and reactivity

10.1 Reactivity

No decomposition if stored and applied as directed.

10.2 Chemical stability

No decomposition if stored and applied as directed.

10.3 Possibility of hazardous reactions

Hazardous reactions	:	Contact with acids and alkalis may release hydrogen.
		No decomposition if stored and applied as directed.
10.4 Conditions to avoid		
Conditions to avoid	:	Do not allow evaporation to dryness.
		No data available
10.5 Incompatible materials		
Materials to avoid	:	Acids Bases Oxidizing agents

10.6 Hazardous decomposition products

This information is not available.

SECTION 11: Toxicological information

11.1 Information on hazard classes as defined in Regulation (EC) No 1272/2008

Acute toxicity

Not classified based on available information.

Product:

Acute oral toxicity : Acute toxicity estimate: > 2,000 mg/kg Method: Calculation method

Components:

aluminium powder (stabilised		
Acute inhalation toxicity	:	LC50 (Rat): > 5 mg/l Exposure time: 4 h Test atmosphere: dust/mist

manganese neodecanoate:

Acute oral toxicity	:	Assessment: The component/mixture is moderately toxic after
		single ingestion.

Skin corrosion/irritation

Not classified based on available information.

Product:

Remarks : May cause skin irritation and/or dermatitis.

Components:

manganese neodecanoate: Result	:	Skin irritation
octadecylamine: Assessment	:	Irritating to skin.
Serious eye damage/eye irri Causes serious eye irritation.	tatio	on

Product:

Remarks	:	May cause irreversible eye damage.
---------	---	------------------------------------

METALSTAR SuperEco 10 2877 Supergloss 877

Version 6.0	Revision Date: 27.02.2023	SDS Number: 102000000707	Print Date: 15.04.2024 Date of first issue: 02.01.2014	
-				_

Components:

octadecylamine:

Assessment : Corrosive

Respiratory or skin sensitisation

Skin sensitisation

Not classified based on available information.

Respiratory sensitisation

Not classified based on available information.

Germ cell mutagenicity

Not classified based on available information.

Carcinogenicity

Not classified based on available information.

Reproductive toxicity

Not classified based on available information.

STOT - single exposure

Not classified based on available information.

STOT - repeated exposure

Not classified based on available information.

Components:

octadecylamine:

Exposure routes	:	Ingestion
Target Organs	:	Liver, digestive system, Immune system
Assessment	:	May cause damage to organs through prolonged or repeated
		exposure.

Aspiration toxicity

Not classified based on available information.

Components:

octadecylamine:

May be fatal if swallowed and enters airways.

11.2 Information on other hazards

Further information

Product:

Remarks

: No data available

Version Revision Date: 6.0 27.02.2023

SDS Number: 102000000707

Print Date: 15.04.2024 Date of first issue: 02.01.2014

SECTION 12: Ecological information

12.1 Toxicity

Components:

octadecylamine:		
M-Factor (Short-term (acute) aquatic hazard)	:	10
M-Factor (Long-term (chronic) aquatic hazard)	:	10
Ecotoxicology Assessment		
Acute aquatic toxicity	:	Very toxic to aquatic life.
Chronic aquatic toxicity	:	Very toxic to aquatic life with long lasting effects.

12.2 Persistence and degradability

No data available

- **12.3 Bioaccumulative potential** No data available
- 12.4 Mobility in soil

No data available

12.5 Results of PBT and vPvB assessment

Product:

Assessment

: This substance/mixture contains no components considered to be either persistent, bioaccumulative and toxic (PBT), or very persistent and very bioaccumulative (vPvB) at levels of 0.1% or higher.

12.6 Endocrine disrupting properties

No data available

12.7 Other adverse effects

Product:

Additional ecological	:	An environmental hazard cannot be excluded in the event of
information		unprofessional handling or disposal.
		Harmful to aquatic life with long lasting effects.

SECTION 13: Disposal considerations

European Waste Catalogue : 08 03 12 - waste ink containing dangerous substances

Version 6.0	Revision Date: 27.02.2023	SDS Number: 102000000707	Print Date: 15.04.2024 Date of first issue: 02.01.2014
