SILVERSHINE 406 Aluminiumpaste

Version	Revision Date:	SDS Number:	Print Date: 29.02.2024
4.0	28.02.2024	102000034739	Date of first issue: 22.11.2021

SECTION 1: Identification of the substance/mixture and of the company/undertaking

1.1 Product identifier		
Trade name	:	SILVERSHINE 406 Aluminiumpaste
Product code	:	026925G60
1.2 Relevant identified uses of th	e s	substance or mixture and uses advised against
Use of the Substance/Mixture	:	Colouring agents, pigments
1.3 Details of the supplier of the	saf	ety data sheet

betane et alle suppliet et alle	callery aata chicot
Company	: ECKART GmbH Guentersthal 4 91235 Hartenstein
Telephone	: +499152770
Telefax	: +499152777008
E-mail address of person responsible for the SDS	: msds.eckart@altana.com

1.4 Emergency telephone number

NCEC: +44 1235 239670 (Europe) Call and response in your language is possible. Contract no.: ECKART29003-NCEC.

SECTION 2: Hazards identification

2.1 Classification of the substance or mixture

Classification (REGULATION (EC) No 1272/2008)

Flammable solids, Category 1	H228: Flammable solid.
Eye irritation, Category 2	H319: Causes serious eye irritation.
Specific target organ toxicity - single exposure, Category 3, Central nervous system	H336: May cause drowsiness or dizziness.
Specific target organ toxicity - single exposure, Category 3, Respiratory system	H335: May cause respiratory irritation.
Long-term (chronic) aquatic hazard, Category 2	H411: Toxic to aquatic life with long lasting effects.

according to Regulation (EC) No. 1907/2006

SILVERSHINE 406 Aluminiumpaste

Version 4.0	Revision Date: 28.02.2024	-	SDS Number: 02000034739	Print Date: 29.02.2024 Date of first issue: 22.11.2021
2.2 Label	elements			
Label	ling (REGULATION	(EC)	No 1272/2008)	
Hazar	d pictograms	:		!
Signa	l word	:	Danger	• •
Hazar	d statements	:	H228 H319 H335 H336 H411	Flammable solid. Causes serious eye irritation. May cause respiratory irritation. May cause drowsiness or dizziness. Toxic to aquatic life with long lasting effects.
Preca	utionary statements	:	Prevention: P210	Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking.
			P261	Avoid breathing dust.
			P273 Response:	Avoid release to the environment.
			P391	Collect spillage.
			P370 + P378	In case of fire: Use for extinction: Special powder for metal fires.
			P370 + P378	In case of fire: Use for extinction: Dry sand.

Hazardous components which must be listed on the label:

Solvent naphtha (petroleum), light arom.

2.3 Other hazards

This substance/mixture contains no components considered to be either persistent, bioaccumulative and toxic (PBT), or very persistent and very bioaccumulative (vPvB) at levels of 0.1% or higher.

SECTION 3: Composition/information on ingredients

SECTION 4: First aid measures

4.1 Description of first aid measures

General advice :	:	Move the victim to fresh air.
		Move out of dangerous area. Show this safety data sheet to the doctor in attendance. Do not leave the victim unattended.
If inhaled :	:	Remove to fresh air. Consult a physician after significant exposure. If unconscious, place in recovery position and seek medical advice.
In case of skin contact :	:	Wash off immediately with soap and plenty of water.
		If skin irritation persists, call a physician. If on clothes, remove clothes.
In case of eye contact :	:	Immediately flush eye(s) with plenty of water. Remove contact lenses. Keep eye wide open while rinsing. If eye irritation persists, consult a specialist.
If swallowed :	:	Keep respiratory tract clear. Do not give milk or alcoholic beverages. Never give anything by mouth to an unconscious person. If symptoms persist, call a physician.
		if symptoms persist, call a physician.

SECTION 6: Accidental release measures

6.1 Personal precautions, protective	equipment and emergency procedures
Personal precautions :	Evacuate personnel to safe areas. Use personal protective equipment. Use personal protective equipment. Avoid dust formation. Avoid breathing dust. Remove all sources of ignition.
6.2 Environmental precautions	
General advice :	The product should not be allowed to enter drains, water courses or the soil. Prevent product from entering drains. Prevent further leakage or spillage if safe to do so. If the product contaminates rivers and lakes or drains inform respective authorities.
6.3 Methods and material for contain	nment and cleaning up
Methods for cleaning up :	Use mechanical handling equipment. Soak up with inert absorbent material (e.g. sand, silica gel, acid binder, universal binder, sawdust).
	Contain spillage, and then collect with an electrically protected vacuum cleaner or by wet-brushing and place in container for disposal according to local regulations (see section 13). Keep in suitable, closed containers for disposal.

6.4 Reference to other sections

For personal protection see section 8.

SECTION 7: Handling and storage

7.1 Precautions for safe handling

Advice on safe handling	 Keep away from heat and sources of ignition. Avoid dust formation. Ensure adequate ventilation. Avoid formation of respirable particles. Do not breathe vapours/dust. Avoid exposure - obtain special instructions before use. Avoid contact with skin and eyes. For personal protection see section 8. Smoking, eating and drinking should be prohibited in the application area. Provide sufficient air exchange and/or exhaust in work rooms. Open drum carefully as content may be under pressure. Dispose of rinse water in accordance with local and national regulations.

The transport classification(s) provided herein are for informational purposes only, and solely based upon the properties of the unpackaged material as it is described within this Safety Data Sheet. Transportation classifications may vary by mode of transportation, package sizes, and variations in regional or country regulations.

14.7 Maritime transport in bulk according to IMO instruments

Not applicable for product as supplied.

according to Regulation (EC) No. 1907/2006

SILVERSHINE 406 Aluminiumpaste

SECTION 15: Regulatory information

15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture

Relevant EU provisions transposed through retained EU law

REACH - Restrictions on the manufacture, placing on the market and use of certain dangerous substances, mixtures and articles (Annex XVII)	:	Conditions of restriction for the following entries should be considered: aluminium powder (stabilised) (Number on list 40) Solvent naphtha (petroleum), light arom. (Number on list 3) Naphtha (petroleum), hydrotreated heavy; Low boiling point ydrogen treated naphtha (Number on list 3) Poly(oxy-1,2-ethanediyl), alphaisotridecyl-omega-hydroxy-, phosphate (Number on list 3)
UK REACH Candidate list of substances of very high concern (SVHC) for Authorisation	:	Not applicable
The Persistent Organic Pollutants Regulations (retained Regulation (EU) 2019/1021 as amended for Great Britain)	:	Not applicable
Regulation (EC) No 1005/2009 on substances that deplete the ozone layer	:	Not applicable
UK REACH List of substances subject to authorisation (Annex XIV)	:	Not applicable

15.2 Chemical safety assessment

No data available

SECTION 16: Other information

Full text of H-Statements

H226 :	Flammable liquid and vapour.			
H228 :	Flammable solid.			
H304 :	May be fatal if swallowed and enters airways.			
H315 :	Causes skin irritation.			
H318 :	Causes serious eye damage.			
H335 :	May cause respiratory irritation.			
H336 :	May cause drowsiness or dizziness.			
H411 :	Toxic to aquatic life with long lasting effects.			
H412 :	Harmful to aquatic life with long lasting effects.			
EUH066 :	Repeated exposure may cause skin dryness or cracking.			
Full text of other abbreviations				
Aquatic Chronic :	Long-term (chronic) aquatic hazard
