METALURE MIRRORSHINE 1006

Version	Revision Date:	SDS Number:	Print Date: 31.05.2022
5.0	30.05.2022	10200008283	Date of first issue: 07.01.2014

SECTION 1: Identification of the substance/mixture and of the company/undertaking

1.1 Product identifier

Trade name	:	METALURE MIRRORSHINE 1006
Product code	:	007636120

1.2 Relevant identified uses of the substance or mixture and uses advised against

Use of the	:	Colorant; Printing ink related material; Printing ink, Colouring
Substance/Mixture		agents, dyes

1.3 Details of the supplier of the safety data sheet

Company	:	ECKART GmbH Guentersthal 4 91235 Hartenstein
Telephone	:	+499152770
Telefax	:	+499152777008
E-mail address of person responsible for the SDS	:	msds.eckart@altana.com

1.4 Emergency telephone number

NCEC: +44 1235 239670 (Europe) Call and response in your language is possible. Contract no.: ECKART29003-NCEC.

SECTION 2: Hazards identification

2.1 Classification of the substance or mixture

Classification (REGULATION (EC) No 1272/2008)

Flammable liquids, Category 2	H225: Highly flammable liquid and vapour.
Skin irritation, Category 2	H315: Causes skin irritation.
Eye irritation, Category 2	H319: Causes serious eye irritation.
Specific target organ toxicity - single exposure, Category 3, Central nervous system	H336: May cause drowsiness or dizziness.

2.2 Label elements

Labelling (REGULATION (EC) No 1272/2008)

according to Regulation (EC) No. 1907/2006

METALURE MIRRORSHINE 1006

Version 5.0	Revision Date: 30.05.2022	SDS Number: 10200008283	Print Date: 31.05.2022 Date of first issue: 07.01.2014
Haza	ard pictograms		!
Sign	al word	: Danger	
Hazard statements		: H225 H315 H319 H336	Highly flammable liquid and vapour. Causes skin irritation. Causes serious eye irritation. May cause drowsiness or dizziness.
Prec	autionary statements	: Prevention: P210	Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking.
		P233 P261 P264 P280	Keep container tightly closed. Avoid breathing mist or vapours. Wash skin thoroughly after handling. Wear protective gloves/ protective clothing/ eye protection/ face protection/ hearing protection.
		Response: P370 + P378	In case of fire: Use dry sand, dry chemical or alcohol-resistant foam to extinguish.

Hazardous components which must be listed on the label:

1-methoxy-2-propanol

2.3 Other hazards

This substance/mixture contains no components considered to be either persistent, bioaccumulative and toxic (PBT), or very persistent and very bioaccumulative (vPvB) at levels of 0.1% or higher.

SECTION 3: Composition/information on ingredients

3.2 Mixtures

Hazardous components

4.3 Indication of any immediate medical attention and special treatment needed

This information is not available.

SECTION 5: Firefighting meas	ur	es		
5.1 Extinguishing media				
Suitable extinguishing media	:	Dry sand ABC powder Foam		
Unsuitable extinguishing media	:	High volume water jet		
		High volume water jet		
5.2 Special hazards arising from the substance or mixture				
Specific hazards during firefighting	:	Do not allow run-off from fire fighting to enter drains or water courses.		
5.3 Advice for firefighters				
Special protective equipment for firefighters	:	Wear self-contained breathing apparatus for firefighting if necessary.		
Further information	:	Collect contaminated fire extinguishing water separately. This must not be discharged into drains. Fire residues and contaminated fire extinguishing water must be disposed of in accordance with local regulations. For safety reasons in case of fire, cans should be stored separately in closed containments. Use extinguishing measures that are appropriate to local circumstances and the surrounding environment. Use a water spray to cool fully closed containers.		

SECTION 6: Accidental release measures

6.1 Personal precautions, protective equipment and emergency procedures

Personal	precautions :	Evacuate personnel to safe areas.
		Use personal protective equipment.
		Ensure adequate ventilation.
		Remove all sources of ignition.
		Evacuate personnel to safe areas.
		Beware of vapours accumulating to form explosive
		concentrations. Vapours can accumulate in low areas.

6.2 Environmental precautions

Environmental precautions : Prevent product from entering drains.

according to Regulation (EC) No. 1907/2006

METALURE MIRRORSHINE 1006

Version 5.0	Revision Date: 30.05.2022	SDS Number: 10200008283	Print Date: 31.05.2022 Date of first issue: 07.01.2014
			leakage or spillage if safe to do so. Intaminates rivers and lakes or drains inform prities.
6.3 Metho	ds and material for co	ntainment and clear	ning up
	ds for cleaning up	: Use mechanical Soak up with ine	l handling equipment. ert absorbent material (e.g. sand, silica gel, versal binder, sawdust).
		absorbent mate vermiculite) and	e, and then collect with non-combustible rial, (e.g. sand, earth, diatomaceous earth, place in container for disposal according to egulations (see section 13).
	nce to other sections al protection see sectio	n 8.	
SECTION	7: Handling and sto	orage	
0L01101		hage	
	itions for safe handlin e on safe handling	: Avoid formation Do not breathe Avoid exposure	

Smoking, eating and drinking should be prohibited in the

For personal protection see section 8.

application area. Take precautionary measures against static discharges. Provide sufficient air exchange and/or exhaust in work rooms. Open drum carefully as content may be under pressure. Dispose of rinse water in accordance with local and national regulations.

Advice on protection against fire and explosion Do not spray on a naked flame or any incandescent material. Take necessary action to avoid static electricity discharge (which might cause ignition of organic vapours). Use only explosion-proof equipment. Keep away from open flames, hot surfaces and sources of ignition.

Hygiene measures: When using do not eat or drink. When using do not smoke.
Wash hands before breaks and at the end of workday.

7.2 Conditions for safe storage, including any incompatibilities

Requirements for storage areas and containers	:	Earthing of containers and apparatuses is essential. Reaction with water liberates extremely flammable gas (hydrogen) Take measures to prevent the build up of electrostatic charge. Use explosion-proof equipment. Store in original container. Keep containers tightly closed in a cool, well-ventilated place. Keep away from sources of ignition - No smoking. Keep container closed when not in use.

8.2 Exposure controls

Personal protective equip	
Eye protection	: Goggles
	Tightly fitting safety goggles Wear face-shield and protective suit for abnormal processing problems.
Hand protection	
Material	: Solvent-resistant gloves (butyl-rubber)
Remarks	: Take note of the information given by the producer concerning permeability and break through times, and of special workplace conditions (mechanical strain, duration of contact). The exact break through time can be obtained from the protective glove producer and this has to be observed. Please observe the instructions regarding permeability and breakthrough time which are provided by the supplier of the gloves. Also take into consideration the specific local conditions under which the product is used, such as the danger of cuts, abrasion, and the contact time. Recommended preventive skin protection Skin should be washed after contact. The suitability for a specific workplace should be discussed with the producers of the protective gloves.
Chin and hady protection	Importious elething

	IMDG Marine	pollutant	:	no		
14.6	-	al precautions for use	r			
14.7	14.7 Transport in bulk according to Annex II of Marpol and the IBC Code Not applicable for product as supplied.					

Not applicable for product as supplied.

SECTION 15: Regulatory information

15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture REACH - Candidate List of Substances of Very High : Not applicable

Concern for Authorisation (Article 59).	•	Not applicable
Regulation (EC) No 1005/2009 on substances that deplete the ozone layer	:	Not applicable
Regulation (EU) 2019/1021 on persistent organic pollutants (recast)	:	Not applicable

according to Regulation (EC) No. 1907/2006

METALURE MIRRORSHINE 1006

Version 5.0	Revision Date: 30.05.2022	SDS Number: 102000008283		ate: 31.05.2022 first issue: 07.01.2014
UK RE (Anne)	ACH List of substance	s subject to authorisati	on :	Not applicable
REACH - Restrictions on the manufacture, placing on the market and use of certain dangerous substances, preparations and articles (Annex XVII)				Conditions of restriction for the following entries should be considered: Number on list 3 1-methoxy-2-propanol (Number on list 40, 3) aluminium powder (stabilised) (Number on list 40) ethanol (Number on list 3) acetone (Number on list 3)

15.2 Chemical safety assessment

SECTION 16: Other information

Full text of H-Statements					
H225	:	Highly flammable liquid and vapour.			
H226	:	Flammable liquid and vapour.			
H228	:	Flammable solid.			
H314	:	Causes severe skin burns and eye damage.			
H318	:	Causes serious eye damage.			
H319	:	Causes serious eye irritation.			
H336	:	May cause drowsiness or dizziness.			
H373	:	May cause damage to organs through prolonged or repeated exposure.			
H412	:	Harmful to aquatic life with long lasting effects.			
Full text of other abbreviations					
Aquatic Chronic	:	Long-term (chronic) aquatic hazard			
Eye Dam.	:	Serious eye damage			
Eye Irrit.	:	Eye irritation			
Flam. Liq.		Flammable liquids			
Flam. Sol.	-	Flammable solids			
Skin Corr.	:	Skin corrosion			
STOT RE	:	Specific target organ toxicity - repeated exposure			
STOT SE	:	Specific target organ toxicity - single exposure			
2000/39/EC	:	Europe. Commission Directive 2000/39/EC establishing a first list of indicative occupational exposure limit values			
GB EH40	:	UK. EH40 WEL - Workplace Exposure Limits			
2000/39/EC / TWA	:	Limit Value - eight hours			
2000/39/EC / STEL	:	Short term exposure limit			
GB EH40 / TWA	:	Long-term exposure limit (8-hour TWA reference period)			
GB EH40 / STEL	:	Short-term exposure limit (15-minute reference period)			

ADN - European Agreement concerning the International Carriage of Dangerous Goods by Inland Waterways; ADR - European Agreement concerning the International Carriage of Dangerous Goods by Road; AIIC - Australian Inventory of Industrial Chemicals; ASTM - American Society for the Testing of Materials; bw - Body weight; CLP - Classification Labelling Packaging Regulation;
