General advice: Move out of dangerous area.
Show this safety data sheet to the doctor in attendance.

If inhaled: Consult a physician after significant exposure.
If unconscious, place in recovery position and seek medical advice.

In case of eye contact: Immediately flush eye(s) with plenty of water.
Remove contact lenses.
### Keep eye wide open while rinsing.
If eye irritation persists, consult a specialist.

| If swallowed | : Keep respiratory tract clear.  
|: | Do not give milk or alcoholic beverages.  
| | Never give anything by mouth to an unconscious person.  
| | If symptoms persist, call a physician.  

| Most important symptoms and effects, both acute and delayed | : Causes serious eye irritation.  
| | May cause drowsiness or dizziness.  
| | May cause damage to organs through prolonged or repeated exposure.  

### SECTION 5. FIREFIGHTING MEASURES

SAFETY DATA SHEET

Sample Aluminium Spray 400 ml 17-09021 400 ml

Beware of vapours accumulating to form explosive concentrations. Vapours can accumulate in low areas.

Environmental precautions:
- Prevent product from entering drains.
- Prevent further leakage or spillage if safe to do so.
- If the product contaminates rivers and lakes or drains inform respective authorities.

Methods and materials for containment and cleaning up:
- Do not flush with water.

SECTION 7. HANDLING AND STORAGE

Advice on protection against fire and explosion:
- Do not spray on a naked flame or any incandescent material.
- Take necessary action to avoid static electricity discharge (which might cause ignition of organic vapours).
- Use only explosion-proof equipment.
- Keep away from open flames, hot surfaces and sources of ignition.

Advice on safe handling:
- Do not breathe vapours/dust.
- Avoid exposure - obtain special instructions before use.
- Avoid contact with skin and eyes.
- For personal protection see section 8.
- Smoking, eating and drinking should be prohibited in the application area.
- Take precautionary measures against static discharges.
- Provide sufficient air exchange and/or exhaust in work rooms.
- Dispose of rinse water in accordance with local and national regulations.

Conditions for safe storage:
- BEWARE: Aerosol is pressurized. Keep away from direct sun exposure and temperatures over 50 °C. Do not open by force or throw into fire even after use. Do not spray on flames or red-hot objects.
- No smoking.
- Keep container tightly closed in a dry and well-ventilated place.
- Containers which are opened must be carefully resealed and kept upright to prevent leakage.
- Observe label precautions.
- Electrical installations / working materials must comply with the technological safety standards.
Further information on storage stability: No decomposition if stored and applied as directed.
